It only takes one person becoming aware of her presence for the conversation to come to a halt. One by one, everyone notices the sudden change in the air. One by one, every face she used to call a friendly one turns around to make sure they're not imagining things, to make sure she really dared to come into their bar after everything, to make sure she's not

halfway across the ocean like she's supposed to. Then, one by one, they all shuffle closer together, forming a wall between Lexa and the one person they pray without hope that hasn't seen her yet.

Lexa knows she has. She could always tell.

Trying to recover from a sudden break-up, Clarke believes she'll never fall in love again. But when she reluctantly joins her parents on a trip to the French Riviera, Clarke meets the woman of her dreams, the hot brunette Lexa Woods. Three years later, her seemingly impossible wish has come true: she and Lexa are newlyweds living the ideal suburban life – that is, until the morning after Lexa's 30th birthday when bullets start flying. Literally. It turns out Lexa never bothered to tell Clarke she was once an international super-spy, and now Clarke's perfect world has been turned upside down. Faced with the fact that her wife is an assassin, Clarke is determined to discover what other secrets Lexa might be keeping – all the while trying to dodge bullets, keep up neighborly appearances, manage the in-laws... and work out some major trust issues.

What if the Landing location for The 100 was compromised by a missile fired by those in Mount Weather. Instead of Landing slightly off course in Trikru Territory, the 100 delinquents drop-ship crash-landed in the pacific ocean east off the Washington Coast. The 100's first experience with grounders rather than a violent clash with the warrior driven Trikru clan but

instead meet Luna and the peaceful Floukru who live their lives by fishing and trading their catches for other goods needed from other clans from the coalition/ They also act as mediators for the coalition and whose's purpose above all is to obtain and share knowledge with all.

However Clarke struggles to fully accept and embrace this new way of life without compromising and sacrificing those who remain on the Ark in space.

With the help of Luna and the Floukru will she be able to navigate this strange new world and its complicated politics in order to ensure the Arkers return to earth doesn't spark a War that will lead to all their destruction.
